

CALL FOR SUBMISSION OF PROPOSALS

11-12 December 2012

Hotel Grande Bretagne, Athens, Greece

Meet investment fund managers and explore the possibility to raise equity to finance your company's growth

Meet with venture capital and private equity fund managers, present them your business plans, defend their attractiveness and who knows? This may be the chance to overcome the prevailing liquidity squeeze.

This opportunity is offered to businesspeople who possess quality products, innovative services and knowhow and who are seeking venture capital and private equity financing so as to finance their companies' further development.

What to do

As long as you have a business plan which you wish to realize, submit it to the 12th International Venture Capital & Private Equity Forum so that it can be evaluated by venture capital and private equity fund managers. The business plans can be submitted at www.vcforum.gr until the **5th November 2012**. Information about the event and a business plan blueprint can be found at www.vcforum.gr.

What does the submission process entail?

Your business plan will be confidentially evaluated by the investors of your choice. During the 12th International Venture Capital & Private Equity Forum you will have the opportunity to meet face-to-face with investors which have expressed an initial interest in your business plan and to explore the option of equity financing in a pre-arranged one-on-one meeting during the second day of the Forum (12th December 2012).

The **12th International Venture Capital & Private Equity Forum** is organized by:
